How to access Level 1 and Level 2 Certification Exams

- Anyone can request to test out of the Level 1 or Level 2 certification exams. Since Level 2 certification requires Level 1 certification completion, Level 1 certification exam would have to be taken first.
- If a person fails either Level 1 or Level 2 certification exams they are not afforded the possibility of testing out of the courses. They must complete all courses and pass their final exams before they can take the certification exam again.

How to access Level 1 and Level 2 Certification Exams

- To gain access to a certification exam you must contact your Shure Audio Institute Regional Rep.

 - Miguel Paucar – Latin America
 - Adi Neves – UCANZ
- Once they have been contacted they will work with you to gain access to the certification exam.
- Remember, you only get one try for all test out exams – no exceptions.
